2.3.4 July 2021

Founded in 2017, from day 1 of Ascension Dance, we placed engaging with young people to inspire creativity at the core of the organisation.

This commitment has held strong, having developed a reputation for providing fun dance opportunities for 1000s of young people across the UK over the last 6 years.

As an extension of our hyper local work in Coventry we are excited about sharing the unique Ascension Dance style with young people from all walks of life across the country.

We hope this new opportunity to dance might spark an interest in the arts that unlocks a curiosity in learning and play.
